# TELLING TALES OUT OF SHUL

## 'ChatGPT, AI and Torah'

with Guest Speaker

# Gary Simon
## Tuesday 11 July
## 3.30pm on ZOOM

Meeting ID: 840 7151 7989

Artificial Intelligence (AI) touches all walks of life and as Gary began to absorb the full consequences of ChatGPT on business life, it started to raise profound questions about Jewish life, e.g., could ChatGPT be a threat to traditional Jewish learning or even to the role of Rabbonim.  In short is it something to be embraced or shunned?

Gary Simon is a publisher of hi-tech research. He is a graduate of London University, a Fellow of the British Computer Society, A Chartered IT Professional and a Fellow of the Institute of Chartered Accountants in England and Wales with more than 40 years' experience of information systems. He is the author of four books and a popular independent speaker on market developments.  He was formerly a senior consulting partner in Deloitte for more than 16 years.

NEXT MEETING : 3.30pm Tuesday 12th September
'The full Jewish – One thousand years of history' with guest speaker Ian Fagelson
