Explore behind the scenes of the UK's largest sports & entertainment venue, Wembley Stadium.

This Zoom presentation by Ron Rosenhead, a Tour Guide at the Stadium will take you behind the scenes. You will see some of the exhibition areas, the Olympic exhibition, go along the Royal Corridor and into the mixed zone. The press room and the actual changing rooms will all be visited before you walk up the tunnel into the arena itself.

You will go into the Royal Box and visit one of the many hospitality areas as well as meeting the 3 lions. You will get to hear what happened to the Twin Towers and how many pints of beer are sold during a match (Google does not help!) and see the difference between the old and the new Wembley. All of this courtesy of Zoom.

There will be plenty of opportunity for your questions at the end of the tour.
