The story of Jewish service in the British armed forces hugs the contours of our nation’s and our community’s histories. It is both a very Jewish and a very British tale. From Georgian militia in London to Royal Navy officers in the corners of Empire. From the battlefields of the Napoleonic wars to the seas, skies and lands of the 20th century’s great conflicts. From Cold Warriors to the modern warfighters of the current Armed Forces Jewish Community. “For Honour’s Sake” looks at the key events and personalities that have shaped British Jewish military history - and how today’s Jewish soldiers, sailors and aviators are helping to ensure the UK’s security and freedom.

NEXT MEETING : 3.30pm Tuesday 13th December - with Guest speaker Roger Filer
‘Brian Epstein and his Beatles - the world’s Most Famous Pop Group’
