Robert Waterman first met the orphans of the Alumim orphanage in Zhitomir Ukraine over 8 years ago while on business in the country.

At the time Robert was shocked by the desperate situation of the Jewish Orphans of the Ukraine and set about both raising funds and trying to improve their situation.

Robert will through his talk explain his journey of discovery and his attempts over the years to help the children and their carers experience not only the benefits of his fundraising but also the feeling that they are not alone, and others care for their plight. This took an unusual turn after the Russian invasion of the Ukraine.

NEXT MEETING : 3.30pm Tuesday 12th July

'Online Tour of Wembley Stadium' with guest speaker Ron Rosenhead
